

Selected Scientific Presentations, Education and Outreach, and Media Coverage

Conferences / Professional Presentations

Larry Bragg, J. Jeff McConnell, Eric Delwart, Belinda Herring, Christophe Kreis, and Robert M. Grant. , *Antiretroviral Treatment (ART) May Reduce but Did Not Eliminate Exposure to Possible Superinfection*. 14th Conference on Retroviruses and Opportunistic Infections. Los Angeles, CA February 2007.

J Jeff McConnell, Terri Wrin, Yang Liu, Christophe Kreis, Larry Bragg, Frederick Hecht, Neal Parkin, and Robert M Grant. *Superinfection Susceptibility and Low Neutralizing Serum Responses in Treated Persons with Suppressed Plasma Viral RNA Levels*. 14th Conference on Retroviruses and Opportunistic Infections, Los Angeles, CA February 2007 (Oral Presentation).

Y Liu¹, C Chappey, T Wrin, E Stawiski, R Hecht, CJ Petropoulos, J McConnell, R Grant. *Frequent Envelope Recombination in Patients Superinfected or Co-infected with Distinct HIV-1 Subtype B Strains*. Keystone Symposia , Keystone, CO 2006.

J McConnell, Y Liu, C Kreis, J Marcus, L Bragg, C Chappey, E Stawiski, T Wrin, F Hecht, and Robert Grant. *Broad Neutralization of HIV-1 Variants in Couples without Evidence of Systemic Superinfection Despite Exposure*. 13th Conference on Retroviruses and Opportunistic Infections. Denver, CO February 2006 (Oral Presentation).

J Marcus, J McConnell, T Liegler, L Chow, J Javier, C Kreis, L Bragg, J Krek, and Robert Grant. *Highly Divergent Viral Lineages in Blood DNA Appear Frequently during Suppressive Therapy in Persons Exposed to Superinfection*. 13th Conference on Retroviruses and Opportunistic Infections. Denver, CO February 2006.

Robert Grant. *Current research on HIV superinfection, levels of viral load and infectivity, serosorting, strategic positioning, risks of oral sex, STDs: What do we know?* Fifth Grantee Meeting, Special Projects of National Significance and the University of California, San Francisco's Enhancing Prevention with Positives Evaluation Center, Washington, 2005.

Robert Grant, J. McConnell, J. Marcus, G. Spotts, T Liegler, R. Brennan, and F. Hecht. *High Frequency of Apparent HIV -1 Superinfection in a Seroconverter Cohort*. 12th Conference on Retroviruses and Opportunistic Infections. Hynes Convention Center, Boston, MA February 2005.

Marcus JL, Krek J, Bragg L, Grant RM, and McConnell J. *When Harry met Larry: Serosorting and HIV-1 epidemic spread among San Francisco MSM*. Society for the Scientific Study of Sexuality Western Region Conference, San Francisco, May 2005.

McConnell JJ, Bragg L, Krek J, Marcus JL, Grant RM. *Effective sexual health counseling strategies for HIV- positive individuals in light of new data on HIV superinfection and serosorting*. Gay Men's Health Summit, Salt Lake City UT, 2005.

Y Liu,, C Chappey, T Wrin, E Stawiski, R Hecht, CJ Petropoulos, J McConnell, R Grant *Frequent Envelope Recombination in Patients with Sequentially Expressed Dual Infection by Distinct HIV-1 Subtype B Strains*. AIDS Vaccine Conference Montreal, Canada 2005.

R M Grant, J J McConnell, B Herring, A Boutelle, R Tsui, E Hunt, T Liegler, E Delwart. *No Superinfection Among Seroconcordant Couples After Well-Defined Exposure*. XV International AIDS Conference, Bangkok, Thailand July 2004.

J. McConnell, R. Grant. *Sorting Out Serosorting with Sexual Network Methods*. 10th Conference on Retroviruses and Opportunistic Infections. Hynes Convention Center, Boston, MA February 2003 (Oral Presentation).

Education and Outreach Presentations 2005-2006

Jeff McConnell- Invited Presentation on Serosorting and Strategic Positioning: Presentation and Discussion.. Joint Council Meeting, HIV Prevention Planning Council and HIV Health Services Planning Council. Milton Marks Conference Center, 455 Golden Gate Ave., San Diego Rooms A, B and C. February 8, 2007.
